3. Do you have children in your home with lead poisoning?
4. Do you have a history of lead poisoning?
5. Have you in the past five years, or are you currently, fixing a home built before 1978 for your job, hobby, or personal use?
6. Sometimes pregnant women have the urge to eat things which are not food, such as clay, soil, plaster or paint chips. Do you ever eat or chew on non-food items?
7. Were you born or have you spent any time outside of the United States?

If yes to questions 8-11, risk reduction counseling/education is recommended.

8. To your knowledge, has your home been tested for lead in the water, and if so, were you told that the level was high (≥ 15 parts per billion)?
9. Do you use any traditional folk remedies or cosmetics that are not sold in a regular drug store or are homemade, which may contain lead?
   For example: kohl, kajal, surma, greta, azarcon, bali goli, pay-loo-ah and ghazard
10. Do you use homemade pottery or leaded crystal for eating or drinking?
11. Do you live in, or regularly visit, a house built before 1978 that either has chipped or peeling paint, or has been remodeled or renovated in the past five years?
